Lovers of histrionics are promised  
a rare treat next Tuesday night,  
June 8th, when Mrs. Medlin pre-  
sents her class in expression at the  
Auditorium. A splendidly balanced  
program has been arranged and ad-  
mission will be free.

Mr. and Mrs. Louis Garber, of  
San Antonio, spent part of last week  
here visiting Mrs. Garber's mother,  
Mrs. E. Schneider, and left Friday  
for St. Louis, Mo., where they will  
make their home. They were mak-  
ing the trip in their car.

Mrs. Chas. Wood arrived here last  
week from Kentucky for a few days  
visit with her daughter, Mrs. Ed-  
ward Cameron, before leaving Thurs-  
day for Chicago to attend the  
Eucharistic Congress. Mrs. Wood  
is making the trip in a Ford Coupe,  
accompanied by her grandson, Wood  
Cameron.

There will be a called meeting of  
Hondo City Lodge No. 756 A. F. &  
A. M. at 8 P. M. next Monday, to  
confer an Entered Apprentice degree.  
The annual election of officers will  
be held at a regular meeting, Mon-  
day night, June 21st, and will be in-  
stalled jointly with the officers of  
the Chapter on the night of June  
24th.

Knowing this editor's weakness for  
that plebian vegetable, the onion,  
Judge M. Schorobiny brought us a  
nice assortment from his garden last  
Saturday. The Judge bought and  
planted 500 Crystal White Bermuda  
onion plants early in the spring  
which grew and thrived so well  
that he has enough to feed a small  
army. The specimens brought us  
are ample proof that his soil is  
well adapted to the crop, and our  
section should be able to produce  
them profitably. Unfortunately,  
however, the Judge is only offered  
a cent and a half a pound for his  
surplus and is thus discouraged from  
growing them on a large scale.

Edmund Keller was up from La-  
Coste Saturday and while here paid  
our office an appreciated call. Mr.  
Keller reports business good in the  
LaCoste community and a good oat  
crop being harvested.

If you are a reader of Ferguson's  
Forum or want to read it, remit your  
renewal or subscription through this  
office. The Forum is more interest-  
ing and valuable now, since Mrs. Fer-  
guson is Governor, than ever before.  
Send \$2.00, the regular price of the  
Forum, to us and receive both it  
and FARMING for a year. Fletcher's  
Farming, Hondo, Texas. 30-tf.

The latest news from the Johnson-  
Taylor oil field is that the Medina  
Oil Company has let a contract for  
three new wells southwest of the  
discovery well. Work on the No.  
4 is shut down at a little over 400  
feet and will probably wait develop-  
ments west of it and near the dis-  
covery well.

Few of our subscribers ever need  
a reminder, but it has been about 18  
months since many have had any  
thing to sell from their farms. Since  
oat money is beginning to circulate  
it will give us pleasure to print '27  
on your address label.

We have everything in household

Mrs. H. Medlin, teacher of Ex-  
pression, will present her class in  
recital at the Auditorium Tuesday  
night, June 8, at eight o'clock. The  
public is cordially invited to be pres-  
ent. There will be no admission  
charges.

The South Texas Public Service  
Company reached town yesterday with  
the high power line, and soon Hondo  
will be getting power from the cen-  
tral plant. Wires have already been  
strung as far west as D'Hanis and  
the line will be extended on to Sabi-  
nal.

## DIED.

Mrs. Anna Muennink, the aged  
mother of Mrs. Fritz Leinweber, died  
at the home of her daughter here at  
4 o'clock this morning.

Funeral arrangements were incom-  
plete at our hour of going to press.

F. Marion Davis, Hilmer Haegelin  
and Reinhart Rothe, Hondo's three  
representatives at the Texas A. &  
M. College, arrived home Tuesday  
night for their summer vacation. The  
boys each made their required grades  
and next term Marion will be a  
Senior while Hilmer and Reinhart  
will be Sophomores. The boys are  
enthusiasts over their school.

Mrs. H. G. Henderson and daugh-  
ter, Miss Kate, are back from Brack-  
ettville where they made their home  
during the school term. Miss Kate  
being one of the teachers in the  
Brackettville schools.

#### To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

Prof. W. N. Saathoff is a man of numerous hobbies. Of course, his chief hobby, as we all know, is better and more efficient schools and then still better, but he has other hobbies. One of these is growing good fruit. Mr. Saathoff and family have been eating peaches from their own orchard since the first week in May, and a couple of specimens left at this office would do credit to any peach country. Prof. Saathoff thinks people who want peaches in this country should plant early varieties—the earlier the better—and seems to prove it in his own experience. When one considers that the earliest peaches are the latest bloomers, he can appreciate the advantage of this in escaping the late spring frosts. Then when he considers that the crop is made and gone before the heat and drouth of mid-summer is on, one can appreciate the advantage this gives in securing good quality fruit and the effect the long summer rest will have on the health and life of the trees. Mr. Saathoff is almost as good an orchardist as he is a schoolman. He knows both games.

### ROBERTSON - WOOLLS.

A beautiful church wedding, uniting two pioneer families of Texas, was solemnized here at five o'clock Wednesday evening at the Methodist church when Miss Gladys Woolls, youngest daughter of Mrs. Ella Woolls, and Mr. W. W. Robertson, son of Mr. and Mrs. R. M. Robertson, of La Grange, Texas, were made man and wife, Rev. Horace King, brother-in-law of the bride, of Dallas, reading the marriage service.

Prior to the entrance of the bridal party, Mrs. Greenith Fly, in her clear, sweet soprano, sang "Until". Loving friends of the bride had decorated the church for the occasion. The rostrum, banked with ferns, blossoming notplants and pink roses formed a beautiful background for members of the bridal party who, to the strains of Lohengrin's Wedding March, played by Mrs. Selby Woolls, took their places at the end of the rainbow colored arches in the following order: Miss Helen Lacy, bridesmaid, wearing a dress of lavender georgette, with a large picture hat to match and carrying a shenherdess crook topped with a bouquet of sweet peas, marched down the left side, and the best man, Mr. Clyde Robertson, of La Grange, down the right side; Miss Valma King, bridesmaid, in pink georgette, with large picture hat to match and carrying a crook topped with sweet peas, came down the left side, while Mr. Howard Short marched down the right. Then came the matron-of-honor, Mrs. Erskine Robertson, of La Grange, beautiful in a crown of June rose georgette with hat to match and carrying a crook bedecked with Shasta daisies, marched down the middle aisle followed by the maid-of-honor, Miss Lucille Woolls, who wore turquoise blue georgette and a picture hat of the same shade and carried a crook with bouquet of sweet peas.

Proceeding the bride and groom came little Miss Betty Jean Merri-man and Frances Ruth Fly, wearing dainty dresses and bonnets of pink georgette trimmed in pink rose buds and carrying baskets of rose petals which they strewed in the pathway of the bride and groom, symbols of the rosepath down the journey of life that is wished for them.

The bride, Miss Gladys Woolls, her girlish beauty enhanced by her wedding raiment of white georgette with large white picture hat and carrying an arm bouquet of pink and white carnations, entered the church on the arm of the stalwart groom, Mr. W. W. Robertson, and they made a handsome pair as they advanced through rainbow hued arches to the altar railing where they took their marriage vows.

After the ceremony, to the strains of Mendelssohn's Wedding March, the bride and groom, preceded by the little flower girls and followed by the attendants and ushers, John Henry Meyer and David Holloway, relatives of the groom, left the church and repaired to the home of the bride's mother, Mrs. Ella Woolls.

Mr. and Mrs. Robertson left immediately afterwards for La Grange where they will make their home. The bride wore a going-away ensemble of tan flat crepe with trimmings of blue and accessories to harmonize.

The out of town guests here for the wedding were Mr. and Mrs. Horace King of Dallas; Mr. and Mrs. R. M. Robertson and son, Morris, Mr. and Mrs. Erskine Robertson, Mrs. Leslie Holloway and children and Mr. Clyde Robertson, all of La Grange.

### CLOSING EXERCISES ST. JOHN'S CATHOLIC SCHOOL.

The closing exercises of St. John's Catholic School began Sunday, May 30, with the Baccalaureate Sermon earnestly delivered by Rev. Father T. A. Flynn.

With Miss Adele Decker playing the march the pupils of the school entered the church followed by the graduates and their maids.

The graduates were: Miss Josie Lebold, Thelma Decker and Evelyn Finger. Little Miss Mary Kate Huesser, maid to Miss Josie Lebold; little Miss Etheline Ney maid to Miss Evelyn Finger; and little Miss Lorine Koch, maid to Miss Thelma Decker, preceded the graduates, carrying arm baskets filled with flowers. The alters were arranged with ferns and pink and white flowers. Adding to the solemnity of the occasion was the reception of Holy Communion by the graduates and school children in a body.

#### MEMORIAL DAY FITTINGLY OBSERVED.

Memorial Day, May 30th, was beautifully observed here last Sunday, the initiative in the observance of course being taken by the members of the Hal Jones Post, American Legion. Early Sunday morning loving hands assembled a profusion of beautiful flowers at the Legion Hall, and then they were taken to the cemetery and the graves of our departed soldier boys decorated as befitted the sadly sweet occasion.

At 3 o'clock P. M. a large assemblage of our citizens gathered at the Colonial Theatre, which had been donated for the occasion, and listened to an appropriate program. Prof. W. N. Saathoff acted as master of ceremonies and opened the meeting with a few well chosen and appropriate remarks. Rev. W. S. Ezell offered a feeling invocation, after which Judge L. J. Brucks, the speaker of the evening, was introduced. Judge Brucks spoke at some length, enlogizing the prowess and achievements of the American soldier, laying particular stress upon the fact that America has never fought a war of aggression, but has always been on the side of liberty and the rights of oppressed peoples. He pointed out that the soldier who gives his life in such a cause has rendered his country and humanity the highest possible service, and admonished all to be ready and willing to emulate their heroic example of service in every way we can. Rev. W. C. Brown closed with a beautifully worded prayer of benediction.

Artistic hands had decorated the stage for the occasion and appropriate music rounded out the impressive services, and all went away feeling that they had been made better by this modest tribute of love and respect to our soldier dead.

#### METHODIST MEETING.

The meeting at the Methodist church has been moving forward in a helpful way despite the unusually busy time for the farmers. Bro. Carl has brought a fine message a every service and all who have attended were greatly profited. Bro. Wood has had fine response from choir and in securing good congregational singing.

We had fine crowds at both services last Sunday and should have even larger ones next Sunday. We will have a class to receive into the church Sunday at the morning service. Come and be with us at these closing services Sunday, June 6th at 11 A. M. and 8 P. M.

W. S. EZELL, Pastor.

#### CHILD BITTEN BY RABID SKUNK

A three year old Mexican boy by the name of DeLeon, was bitten on the nose by a skunk early Tuesday morning as he lay asleep on a pallet at his home on the John McCaughy farm at Yancey. The skunk's head was sent to the Pasteur Institute at Austin and an examination of same showed that the skunk was affected with rabies. The child was taken to the Pasteur Institute Friday morning for treatment.

Mr. R. S. Howard visited in San Antonio Thursday and while there transacting business had a slight return of paralysis, being unable to talk for a while, but friends took him to the home of his sister, Mrs. Dell Scott, and by night he was able to return home on the train, and as we write this, is about over the shock, we hope. He suffered very much from an attack a few years ago from which he has never entirely recovered. We are glad that this attack, however, was much lighter than the first.

### ROASTINGEAR SHIPMENTS TO BEGIN NEXT WEEK.

Things are taking on a business air at the Crockett Roastingear plant this week, where four cars of baskets were being unloaded Tuesday and we were told that four other cars would be in this week. A new office has been erected; water connections again established and light wires tested preparatory to beginning shipment next week. One of the boys at the plant said they were figuring on shipping 100 cars this year.

Melton and Driscoll are covering the old cotton platform for additional shipping room, corn is mostly late, but they have seven hundred acres on the old Burch place that is about ready to begin pulling. Mr. Melton said they would begin shipping next week also. He did not predict how much they hoped to ship. The young corn will need more rain to make and even the oldest would do better with a rain by the end of the week. Weather prophets are predicting rain by the end of the week. It is lightening around nights.

### GENE BOHL BROUGHT HOME LAST WEEK.

Gene Bohl Jr., who had a leg shattered in an automobile wreck here ten weeks ago last Sunday night, was able to be brought home Sunday, though he had to be brought in an ambulance. His father went up for him in a padded car, but it became necessary to use the hospital ambulance. Miss Mary Bohl, his

### Advices Ailing Women

"I was rundown in health some years ago and was advised to take Dr. Pierce's Favorite Prescription," said Mrs. Effie Carter of 2516 Rosewood St., Dallas, Texas, whose picture appears here. "It was recommended to me as the most reliable feminine tonic and I believe it is. It helped me in every way and I have heard a great many say that it did the same for them. I believe all who try the 'Favorite Prescription' will be greatly benefited."

only sister, spent the entire time with her brother, and says she is glad to get home also. Gene is not able to be out of bed. He was shot during deer season last winter and stayed five weeks in the hospital when he was just getting out again. He was in the car wreck and had to return to the Santa Rosa Infirmary. Mr. Bohl says he and Gene ought to own at least one room of the Santa Rosa Infirmary.

## ESTATE DEALER DIES AT HOME HERE.

Zuberbueler, 83, died Tuesday at his home, 202 Montrose Ave. Services will be held Thursday at 10 o'clock.

Mr. Zuberbueler was a native of Switzerland, but had lived in the States for about 60 years.

He had lived in San Antonio for many years and owned extensive ranch in Val Verde County. For the past 10 years he has been interested in developing San Antonio real estate.

Surviving are the widow, Mrs. Anna Zuberbueler; two sons, E. M. Zuberbueler of Comstock, and John Zuberbueler of Dunlay; two daughters, Mrs. William Burger and Mrs. Mary of Dunlay, and nine grandchildren. —Wednesday's Ex-

Zuberbueler was for many years a highly respected citizen of the city, and although he had reached old age, his many friends and our readers will be grieved at his passing.

## MEDINA SHORT COURSE.

When the farm folk from all over South Texas meet again at the Medina-Herford Ranch in Bexar County for the Short Course in July, they will be pleased to see that the grounds for camping have been enlarged and a well dug. Instead of the old tractor drawn water wagon lurching and sloshing between the trees just at the instant when ears were strained to get the particulars about the ration that made old Betsy give five gallons of milk, one will this year only hear the soft gurgle of water as it comes from a distant hydrant. And instead of grouping all campers in a semi-circle around the main meeting places, the family campers will be scattered over nearly the entire bottom.

For folks must be comfortable if they are to get the most out of such an agricultural education as is offered at this short course, so says A. L. Smith, of A. and M., this year's director of the course, and adds that he wants everybody to come Wednesday morning, July 14, and stay right through until the last picture is shown on Friday night, July 16. To do this every family should bring cooking tools and plenty of food and be prepared for three days of the simple life. Staple groceries, milk, meat, bread, and the like will be sold at nominal prices on the grounds, but one should not depend on eating at the Encampment restaurant all the time because it's impossible to feed all the 2000 people expected this year.

This big, old-fashioned farmers' picnic is a three day affair packed full of practical lessons and demonstrations in all phases of agriculture. stock raising and home making. There's a program for every member of the family, including a nurse for the baby. It's engineered by A. and M. College folks with the help of the San Antonio Chamber of Commerce and the Ranch. It comes at a time when most farmers have little to do, July 14-15-16, and it's free.

## GRADUATES HONORED.

A charming party was given at the home of Judge and Mrs. R. J. Noonan in honor of the three graduates of St. John's Catholic School, Misses Evelyn Finger, Josie Lebold and Thelma Decker, last Thursday night, with Mrs. R. J. Noonan, Mrs. Robert Decker, Mrs. Jack Droicourt and Mrs. Felix Richter as hostesses.

Progressive games of bunco were played throughout the evening, at the end of which Miss Clara Filliman was presented with a set of handkerchiefs for having won high score of 25 games. Among the boys Marshall Koch won high score. The booby prize, two peppermint sticks, went to Herman Finger.

Delicious refreshments of sandwiches, potato chips and punch were served to the following: Honorees Thelma Decker, Josie Lebold and Evelyn Finger; Guests Misses Elvira Rothe, Adele Decker, Mary Crouch, Clara Filliman, Irma Haegelin, Frances and Rose Neuman, Madeline Droicourt, Ruby Rieber, Frances Finger, Anne Davis, Elta Leinweber, Hedwig Leinweber, Gertrude Sauter, Messrs. Harry Filliman, Marshall Koch, Herman and John Finger, Jack Droicourt, George Sauter, Homer Rothe, Volney Boon, John Henry Meyer, William Mask, Owen Mofield, Fred Metzger, Rudolph Rath, Otis Schuehle, Noel Windrow, Wood Cameron, Alfred Rath. The out-of-town guests were: Misses Irene Finger, Agnes Rothe and Grace Zinsmeyer of D'Anis.

## CATHERINE BUCHANAN.

Miss Catherine Buchanan, 24, died in a San Antonio hospital Wednesday night and funeral services will be held Friday morning. She was a native of Hondo, but had resided in San Antonio 23 years. She is survived by her father, F. J. Buchanan of Austin, and two brothers, Arthur and Roy Buchanan of San Antonio. Miss Buchanan was a member of San Antonio Council Women's Benefit Association. Funeral services will be conducted by Rev. A. C. Dusseau of St. Mary's Catholic Church.—Friday's Express.

Miss Buchanan was a grand-daughter of the late Catherine Langfield of D'Anis, and has many relatives among Anvil Herald readers who will be grieved at her untimely passing.

Dated this 21st day of May, 1926.

J. F. BADER, Sheriff. Medina County, Texas.

## ANOTHER HONDO BOY MAKING GOOD.

Many of our readers will remember a barefoot, freckled-face, energetic boy who was always smiling and whom we all called Pete. Pete got his start in Hondo's public school, but the family moved away some years ago and little has been heard of Pete since.

The other day, there came to us through the mails, an elegantly engraved Commencement program wherein we read "The Senior Class of the Texas Dental College requests the honor of your presence at the Commencement Exercises, June 3, 8:00 P. M., 1926, Scottish Rite Cathedral, Houston, Texas."

Accompanying it is a card bearing the name "William L. Wanshaff."

Dr. Wanshaff is one of the class of 38 graduates of this institution and is now a full-fledged Doctor of Dental Surgery entitled to drill anybody's teeth to the depths—of his own satisfaction!

Another Hondo boy has made good—and those of us who remember him as our own Pete—of the freckled nose and the stone-bruised heel—rejoice with his other friends in his success, and wish him a full realization of his ambitions.

## HONDO HOSPITAL CELEBRATES ANNIVERSARY.

The Hal Jones American Legion Post donated an invalid chair to the Hondo Hospital in honor of the first anniversary of the latter's establishment under the Mechler management the first patient was admitted June 4, 1925. Since then 80 patients have been admitted of which 23 were major operations, 31 minor, 17 medical, and 9 accidents, no deaths having occurred. This speaks well for the surgical skill, nursing and sterilization.

Laboring under difficulties and hampered by lack of adequate equipment and facilities, these people have brought up the hospital to a higher standard, sparing no trouble or pains. And while not a charity institute, no patient has been refused admission for lack of funds. To their friends, and Mr. and Mrs. Jack Droicourt in particular, the Mechler management extend their gratitude and a pledge of further effort toward the accomplishment of a first class hospital for Hondo.

## CARD OF THANKS.

We take this means of thanking the Hal Jones Post of the American Legion and its officers, E. A. de Montel, Felix Richter and George Schuehle, for their donation of a wheel chair to the Hondo Hospital on the first anniversary of the hospital under the present management. Respectfully,

MR. and MRS. J. L. MECHLER.

## HONDO WOMEN FLASH BRIGHTLY IN ROLE OF BASEBALL STARS.

The populace of Hondo and the treasury of the fire department are mutually better, due to a fast baseball game played on the fair grounds diamond Wednesday afternoon between the Lions (Fats) and the Wild Cats (Leans), two flashing, scintillating women's teams of the town.

The crowd was thrilled by the appearance of the dainty impersonator who umpired the game. "She" advanced upon the field with the mincing steps of a lass of sixteen—"Flapper! Yes sir; one of those! Turned down hose—"Boxing gloves"—and all those things!" The game was umpired elegantly in spite of the danger and only one decision was challenged—but that's when O. H. Miller beat a hasty retreat.

The game started with a whirlwind of action and uniforms verging from the fair to the grotesque were very much in evidence. The Wild Cats took the first town and started the day with a flash of hitting that would have rivaled the best of the big league teams. However, after few hits and many runs were made the battery of the heavy artillery steadied down with Mrs. Philip Sloop pitching up town ball to Mrs. V. A. Crow, her efficient catcher, and won their town. The leans took the field with Dutz Davis pitching and Mrs. George Schweers catching and held the Lions to one run for the entire inning.

But in the following innings the heavy team came back for vengeance led by their invincible captain, Hercules Crouch, and carried away the game, in spite of the brilliant fielding by the Wildcats, to the top-heavy score of 21 to 8. All players flashed brilliantly and many new and novel ways of catching a baseball were disclosed to the spectators, including a right foot stop.

The game was a huge success, providing laughs enough to last for several weeks and the neat sum of ninety dollars for the Fire Boys. Generally, it should be hoped that another game will be played soon for the furtherance of the national sport and the pleasures of the game. (Note: Sloan's Liniment has become quite popular.)

## SKIN LIKE SAFFRON—LIVER WOULDN'T WORK.

South Georgian Drives Enormous Quantity of Sour Bile from System with Dodson's Liver Tone.

After a long period of the worst form of weakness and the terrible feeling of sickness that comes from a system loaded with sour bile, Mr. Sam Puckett says: "When I kept getting those bilious attacks reckon I took enough calomel to kill a mule. Got worse all the time. Finally I turned saffron color all over. My wife happened to read about Dodson's Liver Tone in the Weekly Constitution, so we drove to town and got a bottle. It was like magic. I drove quarts of sour bile out of me as black as ink. From that day I have felt as if I had a new liver, and whenever I began to feel weary and bilious, with no appetite, a dose of Dodson's Liver Tone puts me to rights."

This wonderful, quickaction, liver starter ought to be in every household, if for no other reason than to stop the use of dangerous calomel. Dodson's Liver Tone is pleasant to take, even for children, and never makes you feel sick.

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

**INA OIL COMPANY HOFFMAN  
WILL DRILL IN TUESDAY.**

Ina Oil Company set casing Friday in the No. 1 Hoffman at 820 feet in Medina County and will drill in and test next Tuesday. There is considerable gas in the well and all reports Saturday seemed to indicate that it was a good chance to make a shallow well and a good producer. The well topped the oil sand at 828 early in the week and drilled to 855. It will be drilled in Tuesday and the sand cored down to see how much there is of it and liner or screen set and the well completed in this sand. The rig will then be moved over to drill the Edwards Lime test that this was expected to be. There is a possibility of another sand in this district at around 1,100 feet and in drilling the Edwards lime test the driller will be on the lookout for this also.

The Hoffman well is on survey 535 about four miles west of the Ina field discovery well. The elevation is 801 feet as compared with 722 in the Ina field and the depth to the top of the sand 828 as compared with 926 in the Ina field. There will undoubtedly be a big gallery of spectators at the well next Tuesday when it is drilled in and tested.

Eastham & Tarver who set casing at 815 in their Howard No. 1 on survey 91 a little east of the Henderson & Holden gassers drilled to 858. The casing was set largely as a precaution since the depth was in the horizon where the gas sand was found in the Henderson & Holden wells on the Adams tract. Saturday's drilling would probably take the Eastham & Tarver well into this sand.

Operations are not slackening in Medina County. Plateau's test on the Carle farm on the Harrison survey No. 72 1/2 is fishing for some drill stem twisted off. Total depth is 2,130 and within 20 feet of the contract depth of 100 feet into the Edwards. The Edwards was found discolored but no oil or gas thus far.

In the shallow field south of Hondo four miles the Medina Oil Company is drilling at 530 feet in its test on the Haegelin tract and is carrying its No. 4 Taylor down for a depth test being now at 440 feet and has passed the depth of the shallow production at 356 in the discovery well.

United North & South Oil Company of Luling has derrick timbers moving in for a 112-foot derrick on the Taylor farm a little north of the discovery well and will start a deep test. It is less than a half mile north of the Medina Oil Company's discovery well.

Al Buchanan is drilling at 346 ft. in his No. 1 Odem, Medina Oil Co. has a little showing of oil at 530 in its Haegelin No. 1. Kittle and Townley are down about 1,000 feet and in the Eagleford in their No. 2 Richter. The same company's No. 1 Bendele off to the southwest is rigging up. Ina Oil Company on the Finger tract broke the main shaft and is shut down for repairs at 300 feet. It had a little showing at 250 of oil. California-Medina is drilling at about 3,100 feet and Carl Switzer is in the base of the Edwards lime at 1640 and has had 637 feet of the Edwards. He has set 8 1/2 inch casing to shut off fresh water.

**Ward Starts Test.**

New tests are being started in the eastern part of the county where the Schermohr Oil Company is hauling out tubing and rods to put its No. 1 well east of Dunlay on the pump and derrick timbers are being moved in for another test. The first test got production at 800 feet. Ward is starting a test on block 122 north of Dunlay and has contracted with A. P. Robb for a 1,500-foot test on a dome and is expecting to pick up production in serpentine. Major Companies are buying protective acreage. The serpentine is expected at about 800 feet according to the geologists report. Tools will be moved in the first of this week. Armstrong Bros. of Lockhart are preparing to start two tests one on the King and one on the Lacy ranches north of Hondo.

Golden West is moving in tools to drill on the Joseph Courand tract east of Dunlay. Alamo Drilling Company is moving in tools on the Louis Graff survey north of the Ina field.—Sunday's Express.

**THIS IS SUCCESS.**

A successful man is one who has tried, not cried, who has worked, not dodged, who has shouldered responsibility, not evaded it, who has gotten under the burden, not merely stood off, looking on, giving advice and philosophizing on the situation. The result of a man's work is not the measure of success. To go down with the ship in storm and tempest is better than to paddle away to paradise in an orthodox canoe. To have worked is to have succeeded—we leave the results to time. Life is too short to gather the harvest—we can only sow.—Selected.

**JOHN N. GARNER FOR CONGRESS.**

The Herald has faithfully supported John N. Garner for the post of representative from the fifteenth district over a period of nearly twenty-four years.

The Herald, realizing that Mr. Garner is not only an asset to the district that he represents, but also to the entire nation, will continue to support him for the position just as long as he wants the place. The Herald believes further that it will be a real loss to the district and to the country when he decides to retire from active political life.

Mr. Garner is able. He has measured strength with the best of them in congress, and has always conducted himself in such manner as to inspire the greatest confidence among those who have kept in touch with his career, have watched his steady march upward in the greatest lawmaking body in the world to a place attained by few men. Should the democrats gain control of congress this year John N. Garner may be either speaker of the house, chairman of the ways and means committee, or floor leader, any one of which is a place of great power and influence. That, of course, will be an honor to his district as well as to himself.

The Uvalde man has an enviable record as a public servant. It is through that record that he has reached his present high place in the councils of government. It has been built up by nearly a quarter of a century of very hard work. And John N. Garner is still a comparatively young man.

The Herald believes that it would be the height of folly to make a change at this time. And it believes that the voters of the fifteenth district appreciate the fact fully, and will vote accordingly.

Sidney L. Hardin of Mission has announced that he will oppose Mr. Garner. The Herald has the greatest respect for Mr. Hardin, personally and as an educator. He took charge of the Mission schools when hardly more than a youth and has developed them to the point where they stand alongside the best in the state. But Mr. Hardin has, we are afraid, listened to bad political advice.

Mr. Hardin is not qualified at this time to succeed to the place that has been made so important by the long and intelligent labor of John N. Garner.—The Brownsville Herald.

**CARLE TO START MINING OIL SHALE.**

Frank P. Carle after completing his shaft on his farm on the Potranca Road is now organizing a company and will erect a shale distilling works and proceed to mine the shale and distill it for the oil. It will be one of the first to be building and the very first in this part of the country. Mining shale and distilling the oil out of it is a new industry and thus far has been used only in some worn-out oil fields where there still remains a considerable volume of oil in the ground that cannot be pumped out.

Mr. Carle's proposition has the mining of the shale as the first object, the territory never having been developed previously as an oil proposition.

The deal dates back to more than a year ago when Mr. Carle in drilling a hole discovered that there was shale carrying oil and the oil was identified by chemists as having ichthyol in it. Other kinds of oil were found and in addition considerable shale carrying minerals. It was then decided to sink a shaft so as to be able to get larger amounts of the shale to permit of better study and analysis.

The shaft disclosed that there is 20 feet of shale which carries different qualities of oil. The total depth of the shaft is 167 feet and Mr. Carle erected at the shaft a small distilling plant where he has tested out the shales and obtained samples of the oil. Mr. Carle is now negotiating with the Bethlehem Ship Building Corporation to erect a larger plant at the mine and it is proposed as soon as his company is organized with a capitalization of \$25,000, to begin mining the shale and obtaining the oil and any other product that can be secured from the shale that is marketable. There have been considerable showings of mercury, copper, arsenic and some of silver and gold.—San Antonio Express.

**EDUCATIONAL LEVERAGE.**

Physical strength varies with individuals. Unaided in its strength against nature, man's puny strength would indeed be a sorry failure; but with the aid of machines he can do wonders. Archimedes summed up this principle 2000 years ago in his law of the lever.

Psychologists tell us that some persons are endowed with more brains than others. Further predictions tell us that this "original endowment" cannot be increased by education. Some self-styled "practical" persons argue against going to school by saying that if a man possesses the qualities of success no lack of education can keep him down. To increase the quality of their argument they point to industrial leaders who are self-made men.

It is true that some of the richest and most successful men in the country have had little or no schooling; but these are the exception rather than the rule. When compared with thousands of uneducated men who have not been successful, this minority is very small. A really big man, who has in him the quality of success, will succeed under any circumstances. Yet it would be very foolish to imagine that an education would not have helped him.

It may be true that an education does not increase one's mental powers, but it unquestionably increases one's ability to use these powers. This mental training acquired by education does for one's mind what Archimedes' lever does for one's physical capacity; it broadens the scope and increases the power of application. One needs all the education leverage he can procure to pry a living from the competitive world. —Richmond Hi-Nus.

**BIRTHDAY PARTY.**

"Then what so rare as a day in June" unless it be a birthday? So thought Miss Theena Crandall Wednesday afternoon when the members of her Sunday school class led by Mrs. H. J. Roberts, their teacher, descended on her in a body and showered the surprised lassie with presents and good wishes. After opening various pretty gifts, the party was led to hunt peanuts, wrapped in lavender and gold paper, hidden about the lawn. The prize of a giant stick of candy going to Morris Stansberry for first and the booby to Cora Wright. Then followed a blissful stickcandy licking and Neva Holly achieved a fine point to her candy, receiving the first prize and Don Windrow the booby. Various games followed until they were blind-folded and requested to drop peanuts in a quart jar. Mrs. W. C. Brown proved most successful and Morris Stansberry and Annie Love scored nothing.

The guests wished the honoree many good fortunes as she blew out the yellow candles on a lavender cake. Mrs. Frank Brown then served lavender and gold iced cake and peach ice-cream to the following: Misses Cora Wright, Neva Holly, Gladys Fusselman, Lorraine Crandall, Fanny Burnett, Annie Love and the honoree and Masters Don Windrow, George Isaac Wilson, Jack Fusselman, Edward Taylor, Morris Stansberry; Mesdames F. S. Cockrell, W. C. Brown, H. J. Roberts and Crandall.

**THE VALUE OF A GOOD DEED.**

From The Huajillo Leaf.

A good deed is never lost. He who sows courtesy reaps friendship and he who plants kindness gathers love.

Do your good deeds while you have a chance; help your fellowman when he is in trouble. The courteous person is the one who has friends that are true to him; the generous, kind person sheds many rays of sunshine into darkened hearts and causes them to respond to the loving hand that is extended to help them. Do not buy your friends—win them through the seeds of kindness and love that are before you, waiting for you to sow them. Fear not that you will get no reward for every courteous word spoken or for every kind deed done for a needy one. What you give in kindness and courtesy to-day will come back in friendship and love tomorrow.

**Man of Action.**
